THE ORIGINAL **BRITISH** WORKWEAR BRAND

LEE COOPER

WORKWEAR

ESTABLISHED 1908

Lee Cooper's journey began in a factory in London's East End making tough, uncompromising workwear. Since then, Lee Cooper has become a global fashion brand with over 100 years of heritage and a loyal fan base worldwide.

Founded in 1908 by Morris Cooper, the brand now known as Lee Cooper established itself as a leading maker of workwear, providing uniforms for the British Troops in WW1 and WW2. By 1945, the brand had moved its focus from military wear to denim and fashion, and in turn captured the denim market world-wide.

A revolutionary brand, with 500 Lee Cooper branded stores, sold in over 100 countries, staying true to its British heritage, Lee Cooper is the go-to denim brand across the globe.

We now present the new workwear range; a contemporary, technical and authentic play on where Lee Cooper began.
